

SuperPole Traveller™

CONTINUING PRODUCT EDUCATION SERIES

Would you like to have the freedom & independence so you could travel, worry free?

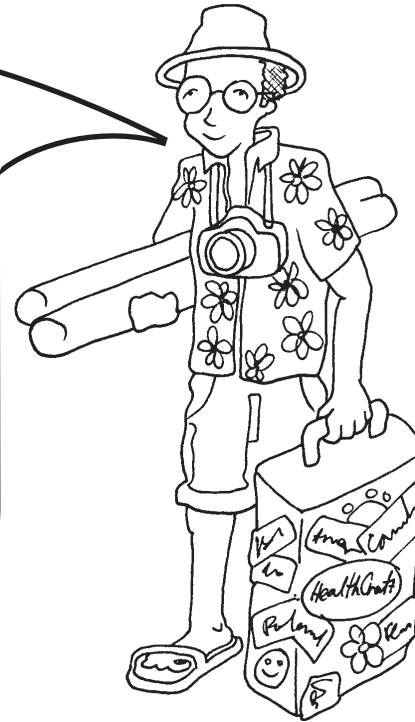

The Traveller will accommodate the SuperPole "add-on-kits"; SuperBar, SuperTrapeze, and SuperTray.

The SuperPole Traveller (floor to ceiling pole) splits in two which makes the perfect travelling companion. It's so easy to carry you can take it anywhere. Easy for anyone to put up and take down in minutes.

With the SuperPoleTraveller at your side you can feel safe, secure, independent, and mobile. No more staying at home!

"Hi folks, Andy here. The wife and I are packing up for a cross country road trip. I have no safety concerns because I've brought along my SuperPole Traveller. My hotel room will look and feel just like home with the Traveller at my bedside. Easily fits in the car trunk even with all my wife's luggage."

Available locally from:

NOTE TO DEALER: Place your company information within this space and fax out to your key local sales influencers - O.T.'s, P.T.'s, Visiting Nurses, etc. Use an eye catching offer such as "call for an in-service" "drop by our showroom to try it" "mention this ad for discount".

The best addition to any sales team, "HealthCraft's Transfer Safety Showroom Display Pavillion". It will never need a vacation or sick day, it's working for you 365 days a year. Ask for details...

- The SuperPole Traveller provides dependable multi-step transfer assistance if you require minimal support to brace yourself and rise into a standing position, or to move from a standing to a sitting position.
- Reduce the risk of falling with added balance and support.
- Get active, stay healthy, see and do new things.
- Improve the quality of your life.
- Put beside a bed, chair, toilet, or bathtub.
- A floor to ceiling pole made from strong steel construction.
- Do not need to be "mechanically inclined" to put up or take down, done in minutes, no tools needed except for a screwdriver.
- A fine threaded extension screw at the bottom of pole, turns, and creates the tension between the floor & ceiling plate which keeps the pole in place.
- Splits into two equal pieces, each approximately 51"
- Attractive, smooth, white finish with a generous, comfortable "foam feel" grey hand grip.
- Protective shipping tubes make transportation easy and keeps the pole looking great for years to come.
- Take the safety & security of home with you, whether your travelling to a cottage, hotel, cruise ship (check with cruiseline), or visiting friends and family.
